

series TV

regulatory amplifying nozzle

TV-R-AL-18

Technical parametres

Medium	compressed air filtered 25 µm
Working pressure	max 8 bar
Compressed air consumption (4 bar)	112 up to 285 NI/min
Amplification ratio	till 25:1
Output hole	ø 9,5 mm
Pneumatic connection	G 1/8 " ; 1 position
Material	aluminum / stainless steel

Dimensions
